***** Reading, Correction and Confirmation of Minutes *****

Due to time constraints, the minutes of January 9, 2022 were not read as it was almost time for the invited NWC Representatives to join at 3:30pm. The President asked that members

read the minutes that were shared in the WhatsApp group and forward comments, corrections, etc.

***** UPDATES *****

President Hall provided the following as updates:

- **Public Relations Officer:**
The call is still out for a replacement for the PR Officer who resigned in September 2021.

- **Assistant Secretary:**
The Association is also without an Asst. Secretary so members are being asked please pass the word along and advise.

***** Dialogue with NWC *****

At 3:28, Mr. Chadron Stern, Non-revenue and water supply and manager and also distribution Engineer for Kingston. He was later joined by Mr. Delano Williams.

With extreme patience the representatives went through each and every one of the issues highlighted by the residents, made a presentation on the zoning of the water supply to the community and promised to address the issues as much as they could. There was the promise of continued support for the area based on their personal vested interest in the community.

The main issues included:

- The high cost of water bills
- The source of the water supply to Harbour View
- The reason for the ‘saltiness’
- The source of the brown colouration in the water after a lock-off
- The procedure for the restoration of the roads after repairs
- The discarded asbestos pipes in the gully on Harbour Drive

***** Adjournment *****

The meeting was adjourned at 5:31pm on motion moved by Beverlyn Wong and seconded by Elaine Edwards.
